

Authors: K. Calvo, J. Phillips, A. Torres, S. Hennigan, S. Lichtenstein, N. Keller, L. Armstrong

**Background:** Research Administrators (RA) are key members of the clinical translational research workforce. Training opportunities are often limited for this specialized group.

**RAPTR:**

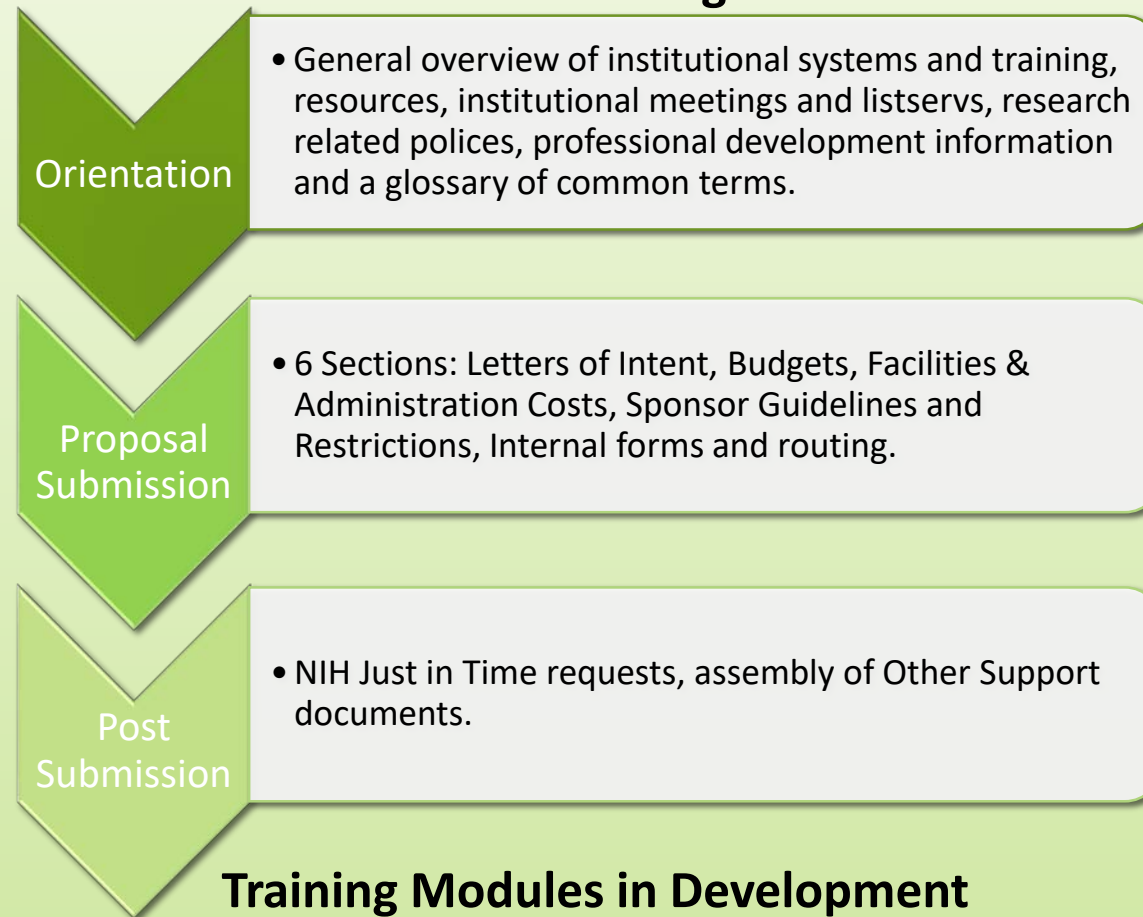

- Standardized training program
- Virtual training opportunities available on-demand
- Utilizes the iTHRIV Research Concierge Portal
- Virtual, in-person “office hours” for consultation

**iTHRIV Portal**

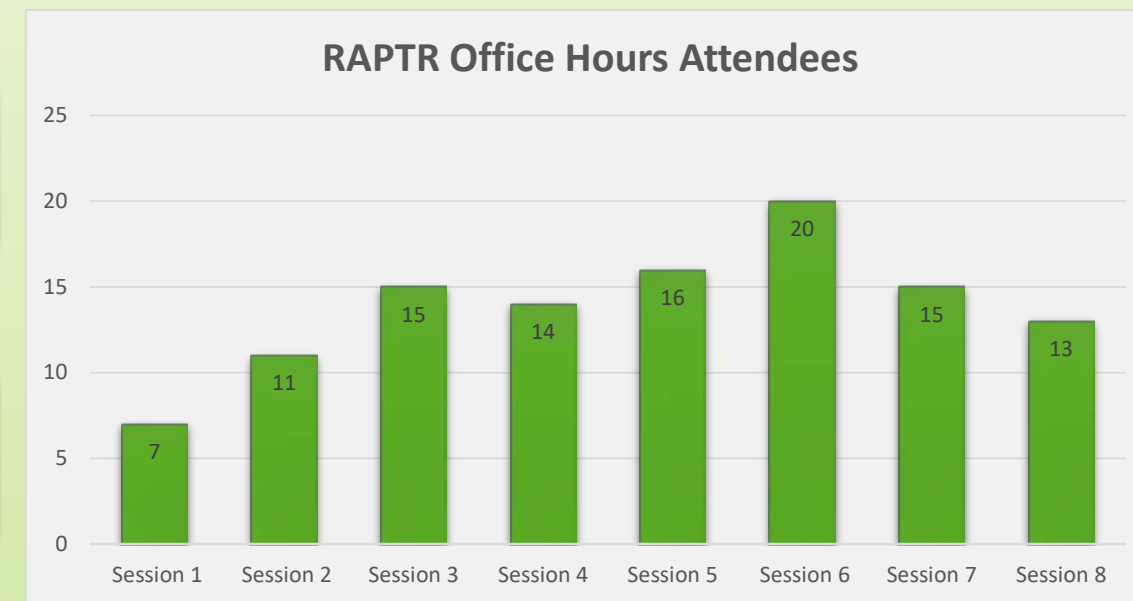

<https://portal.ithriv.org/#/login>

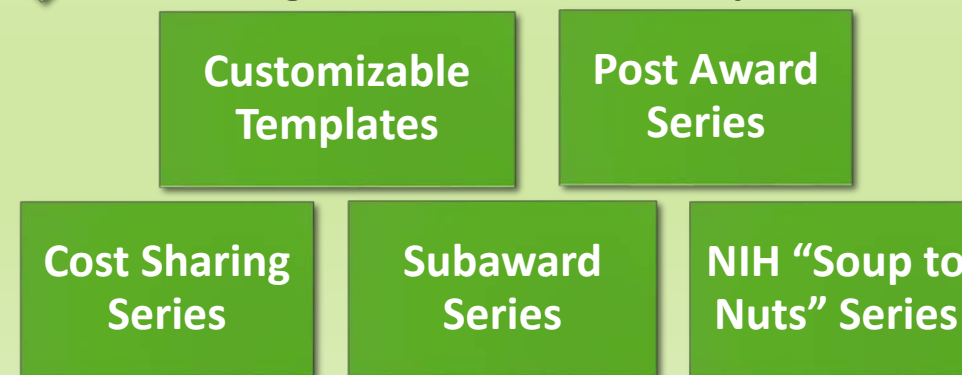

**Available RAPTR Training Modules**

**Office Hours:** Open forum for Research Administrators questions/ consultation/ community building.  
*Example topics:* budget development, proposal submission, institutional systems, post award administration.

**Training Modules in Development**

★ **Coming Soon! Mentorship Program**
